

PUBLIC NOTICE

PROPOSED SOIL AND GROUNDWATER CLEANUP

In accordance with Arizona Administrative Code R18-12-264.01, the Arizona Department of Environmental Quality (ADEQ) is providing notice that a Corrective Action Plan (CAP), submitted by Roy and Donna Bennett on May 11, 2006, has been proposed for the remediation (i.e. cleanup) of soils and groundwater that have been contaminated with petroleum as a result of a leaking Underground Storage Tank (UST) system at the following facility:

LUST No. 1010.01
Facility ID No. 0-000678
Yavapai County

Former Automat Quik Lube
928 Willow Creek Road
Prescott, Arizona 86302

Remediation Method: Enhanced Monitored Natural Attenuation

Soil and groundwater contamination at the referenced site will be remediated using natural attenuation. In the natural attenuation process, existing bacteria at the site consume contaminants as their food source. To evaluate the effectiveness of the process, periodic monitoring of contaminant levels will be required by ADEQ. Once contaminant levels decrease to below cleanup standards, the site may be eligible for closure.

A copy of the CAP is available for review during normal business hours at the ADEQ Records and Library Review Area, 1110 W. Washington Street, Ste. 140, Phoenix, AZ 85007 and at the Prescott Public Library, 215 East Goodwin Street, Prescott, AZ 86303-3998. ADEQ encourages public participation in UST corrective actions and welcomes comments on the proposed CAP. A public comment period is in effect from May 30, 2007 to July 6, 2007. Comments should be submitted in writing to ADEQ Tank Programs Division Corrective Action Section/SIRU II, Attention: David Pettigrew, 1110 W. Washington Street, Phoenix, AZ 85007. If sufficient public interest has been demonstrated during the public comment period, ADEQ will announce and hold a public meeting. ADEQ will respond to comments in writing, following the public comment period. For more information on this notice, please call David Pettigrew at (602) 771-4265 or (800) 234-5677, ext.771-4265.
